

source/elevator.h

```
graph TD; A[source/elevator.h] --> B[stdio.h]; A --> C[elevio.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'source/elevator.h' has two blue arrows pointing downwards to two white boxes. The left box is labeled 'stdio.h' and the right box is labeled 'elevio.h'. This indicates that 'source/elevator.h' includes both 'stdio.h' and 'elevio.h'.
